

Tuesday, July 14, 2020

Dear Valued Customer,

To strengthen Seatrade's Fast Direct and Dedicated offering, our Rayo Reefer Service will add a call to Terminal des Flandres in Dunkerque Port. First call will be with our good lady MV Pacific Reefer and will continue weekly throughout the summer of 2020.

This additional port call will enable a direct connection between Ecuador, Peru and the French market in 14 days and will also create a direct link with Suriname.

At Seatrade we understand that keeping a schedule and delivering your cargoes on time are instrumental in keeping your business successful. Our ETA's in Dover and Vlissingen will remain on the same day and we will continue to provide our clients a high quality, personalized, Fast Direct & Dedicated service tailored to your business needs.

Best regards,
Rayo Team Seatrade
